Applies to duplicate prints

Specifications: Description:

- Choose size of deck in standard poker-size of 2.5" x 3.5" (63.5mm x 89mm)

Choose card quality

Standard 300gsm
Up to 54 cards

then, Personalize it

Step II - Building all front cards

Step 1:
Enter number of cards for your deck (max. 54) [CLOSE]

Change Number of cards

Step 2:
Choose what you want to put on card fronts:

Image & Text	Color Background & Text
<input type="button" value="same image"/> Same for all fronts*	<input type="button" value="same message"/> Same message for all fronts*
<input type="button" value="different images"/> Different for all fronts	<input type="button" value="different message"/> Different message for all fronts

*Note: Only one card is shown for design if you choose 'same image' or 'same message'

For all the fronts, select "different images"

tips to start | Change Layout | Safe & Bleeding Area | Print direction | quick preview

Photo Album | save to my library

Upload multiple images: hold down 'CTRL' key & select files

File types accepted: jpg, bmp, png, gif and tiff
Min resolution 822 x 1122 pixels (300DPI) | Max file size 32MB

Drag and drop images to the left
[Help me autofill images!]

Images: 6

! Place the warlord image into the first box.

Upload all your images (JPG format), then drag and drop them into each box (54 boxes, drag the appropriate card quantity! for instance, 1X Warlord, 4X signature units, 2X signature events, 3X army units, 3X Events ...)

Step III - Building all back cards

Step 1:
Enter number of cards for your deck (max. 54) [CLOSE]

Change Number of cards

Step 2:
Choose what you want to put on card fronts:

Image & Text	Color Background & Text
<input type="button" value="same image"/> Same for all fronts*	<input type="button" value="same message"/> Same message for all fronts*
<input type="button" value="different images"/> Different for all fronts	<input type="button" value="different message"/> Different message for all fronts

*Note: Only one card is shown for design if you choose 'same image' or 'same message'

For backs, select "different image"

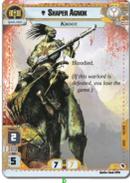

Upload multiple images. Hold down CTRL key & select files
